

Hilton Grand Vacations at The Crane

The Crane Resort, St. Philip, Barbados

Situated in sunny Saint Philip, Barbados, Hilton Grand Vacations at The Crane welcomes all who cross its shores to a historic beach hideaway unlike anywhere else. Founded as Barbados' first hotel in 1887, The Crane remains the oldest continuously operating resort in the Caribbean and the site of HGV's first footstep on its golden sands. Today, this tropical retreat is nestled on 40 sprawling acres of beachfront property featuring a treasure trove of amenities for the ultimate beach-lover's vacation, including: a 1.5-acre cascading cliff-top pool complex, tranquil gardens, rooftop terraces, a day spa and fitness center, kids' club, shopping, and seven restaurants and bars. And with the island's historic plantations, Ragged Point Lighthouse, rum factory, and natural refuges just around the corner, it's easy to get swept away with the old-world charm of this breathtaking destination. Now you can be a part of its next chapter from the comfort of a spacious suite – many with private swimming pools – each bejeweled with ocean hues and island views.
